INDEPENDENT AUDITOR'S REPORT

Honorable Mayor and Commissioners
City of Dixon, Illinois

I have audited the accompanying financial statements of the governmental activities, the business-type activities, each major fund, and the aggregated remaining fund information of the City of Dixon, Illinois as of and for the year ended April 30, 2011, which collectively comprise the city's basic financial statements as listed in the table of contents. These financial statements are the responsibility of the City of Dixon, Illinois' management. My responsibility is to express opinions on these financial statements based on my audit.

I conducted my audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that I plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and the significant estimates made by management, as well as evaluating the overall financial statement presentation. I believe that my audit provides a reasonable basis for my opinions.

In my opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the City of Dixon, Illinois as of April 30, 2011, and the respective changes in financial position and cash flows where applicable, thereof for the year then ended in conformity with accounting principles generally accepted in the United States of America.

In accordance with *Government Auditing Standards*, I have also issued my report dated September 7, 2011, on my consideration of the City of Dixon, Illinois' internal control over financial reporting and on my tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of my testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* and should not be considered in assessing the results of my audit.

The Schedule of Funding Progress on page 55 and appropriation comparison information on pages 56 through 63, are presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historic context. I have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to my inquiries, the basic financial statements, and other knowledge I obtained during my audit of the basic financial statements. I do not express an opinion or provide any assurance on the information because the limited procedures do not provide me with sufficient evidence to express an opinion or provide any assurance. The City of Dixon, Illinois has not presented the management's discussion and analysis as required by accounting principles generally accepted in the United States of America.

My audit was conducted for the purpose of forming opinion's on the financial statements that collectively comprise the City of Dixon, Illinois' financial statements as a whole. The introductory section, combining and individual nonmajor fund financial statements are presented for purposes of additional analysis and are not a required part of the financial statements. The accompanying schedule of expenditures of federal awards is presented for purposes of additional analysis as required by the U.S. Office of Management and Budget Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*, and is also not a required part of the basic financial statements. The combining and individual nonmajor fund financial statements and the schedule of expenditures of federal awards are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In my opinion, the information is fairly stated in all material respects in relation to the financial statements as a whole. The introductory section has not been subjected to the auditing procedures applied in the audit of the basic financial statements and, accordingly, I do not express an opinion or provide any assurance on them.

Samuel S. Reed, CPA P.C.

September 21, 2011

**REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON
COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL
STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING
STANDARDS**

Honorable Mayor and Commissioners
City of Dixon, Illinois

I have audited the financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the City of Dixon, Illinois as of and for the year ended April 30, 2011, which collectively comprise the City of Dixon, Illinois' basic financial statements and have issued my report thereon dated September 8, 2011. I conducted my audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States.

Internal Control Over Financial Reporting

In planning and performing my audit, I considered the City of Dixon, Illinois' internal control over financial reporting as a basis of designing my auditing procedures for the purpose of expressing my opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the City of Dixon, Illinois' internal control over financial reporting. Accordingly, I do not express an opinion on the effectiveness of the City of Dixon, Illinois' internal control over financial reporting.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. *A material weakness* is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis.

My consideration of internal control over financial reporting was for the limited purpose described in the first paragraph of this section and would not necessarily identify all deficiencies in internal control that might be significant deficiencies or material weaknesses. I did not identify any deficiencies in internal control over financial reporting that I consider to be material weaknesses, as defined above.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the City of Dixon, Illinois's financial statements are free of material misstatement, I performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of my audits, and accordingly, I do not express such an opinion. The results of my tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

This report is intended solely for the information and use of management, auditing committee, and federal awarding agencies and pass-through entities and is not intended to be and should not be used by anyone other than these specified parties.

Samuel S. Lund, CPA P.C.

**CITY OF DIXON, ILLINOIS
RECONCILIATION OF THE STATEMENT OF REVENUES, EXPENDITURES
AND CHANGES IN FUND BALANCES (DEFICITS) OF GOVERNMENTAL FUNDS
TO THE STATEMENT OF ACTIVITIES
Year Ended April 30, 2011**

Net change in fund balances - total governmental funds \$ 38,653

Amounts reported for governmental activities in the statement of net assets are different because:

Governmental funds report capital outlays as expenditures.

However, in the Statement of Activities, the cost of those assets is allocated over their estimated useful lives as depreciation expense. This is the amount by which capital outlay exceeded depreciation expense.

Capital outlay	7,009,042
Contributed capital	810,314
Loss on disposal	(24,248)
Depreciation expense	(2,887,454)

Issuance of long-term debt provides current financial resources to governmental funds in the period issued, but issuing long-term debt increases long-term liabilities in the Statement of Net Assets. Repayment of debt principal is an expenditure in the governmental funds, but the repayment reduces long-term liabilities in the Statement of Net Assets. This is the amount by which debt repayments exceeded debt proceeds.

Proceeds	(1,679,000)
Payments	1,154,666
Change in net pension obligation	(163,195)
Change in other post-employment benefits	(67,867)

Accrued interest expense on long-term debt is reported in the government-wide statement of activities and changes in net assets, but does not require the use of current financial resources; therefore, accrued interest expense is not reported as expenditures in governmental funds.

(11,720)

Change in net assets of governmental activities \$ 4,179,191

The accompanying notes are an integral part of the basic financial statements.

CITY OF DIXON, ILLINOIS
NOTES TO BASIC FINANCIAL STATEMENTS
April 30, 2011

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The City of Dixon, Illinois (the City) is a municipal corporation governed by an elected Mayor and City Council. As defined by accounting principles generally accepted in the United States of America established by the Governmental Accounting Standards Board, the financial reporting entity consists of the primary government, as well as its component units, which are a legally separate organization for which the elected officials of the primary government are financially accountable. Financial accountability is defined as:

Appointment of a voting majority of the component unit's board, and either (a) the ability to impose will by the primary government, or (b) the possibility that the component unit will provide a financial benefit to or impose a financial burden on the primary government, or

Fiscal dependency on the primary government.

Private-sector standards of accounting and financial reporting issued prior to December 1, 1989, generally are followed in both the government-wide and proprietary fund financial statements to the extent that those standards do not conflict with or contradict guidance of the Governmental Accounting Standards Board.

The accompanying financial statements present the City (the primary government); the City has no component units.

Basic Financial Statements – Government-Wide Statements

The City's basic financial statements include both government-wide (reporting the City as a whole) and fund financial statements (reporting the City's major and aggregate nonmajor funds). Both the government-wide and fund financial statements categorize primary activities as either governmental or business type. The City's general government, public safety, highways and streets, traffic development, welfare, culture and recreation, airport, and cemetery services are classified as governmental activities. The City's landfill, sewer, and water services are classified as business-type activities. The effect of material interfund activity has been removed from these statements.

In the government-wide Statement of Net Assets, both the governmental and business-type activities columns (a) are presented on a consolidated basis by column, (b) and are reported on a full accrual, economic resource basis, which recognizes all long-term assets and receivables as well as long-term debt and obligations. The City's net assets are reported in three parts – invested in capital assets, net of related debt; restricted net assets; and unrestricted net assets. The City first utilizes restricted resources to finance qualifying activities.

CITY OF DIXON, ILLINOIS
NOTES TO BASIC FINANCIAL STATEMENTS
April 30, 2011

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Basic Financial Statements – Government-Wide Statements (Continued)

The government-wide Statement of Activities reports both the gross and net cost of each of the City's functions (public safety, highways and streets, traffic development, etc.) and business-type activities. The functions are also supported by general government revenues (property, sales and use taxes, certain intergovernmental revenues, etc.). The Statement of Activities reduces gross expenses (including depreciation) by related program revenues, operating and capital grants. Program revenues must be directly associated with the function (public safety, highways and streets, traffic development, etc.) or a business-type activity. Operating grants include operating-specific and discretionary (either operating or capital) grants while the capital grants column reflects capital-specific grants.

The net costs (by function or business-type activity) are normally covered by general revenue (property or sales tax, intergovernmental revenues, interest income, etc.).

The City does not allocate indirect costs.

This government-wide focus is more on the sustainability of the City as an entity and the change in the City's net assets resulting from the current year's activities.

Basic Financial Statements – Fund Financial Statements

The financial transactions of the City are reported in individual funds in the fund financial statements. Each fund is accounted for by providing a separate set of self-balancing accounts that comprises its assets, liabilities, reserves, fund equity, revenues and expenditures/expenses. The various funds are reported by generic classification within the financial statements.

The emphasis in fund financial statements is on the major funds in either the governmental or business-type activities categories. Nonmajor funds by category are summarized into a single column. GASB Statement No. 34 sets forth minimum criteria (percentage of the assets, liabilities, revenues or expenditures/expenses of either fund category or the governmental and enterprise combined) for the determination of major funds. The nonmajor funds are combined in a column in the fund financial statements.

The following fund types are used by the City:

Governmental Fund Types

The focus of the governmental funds' measurement (in the fund statements) is upon determination of financial position and changes in financial position (sources, uses, and balances of financial resources) rather than upon net income. The following is a description of the governmental funds of the City:

General Fund is the general operating fund of the City which accounts for all financial resources except those required to be accounted for in another fund.

CITY OF DIXON, ILLINOIS
NOTES TO BASIC FINANCIAL STATEMENTS
April 30, 2011

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Basic Financial Statements – Fund Financial Statements (Continued)

Governmental Fund Types (continued)

Special Revenue Funds are used to account for the proceeds of specific revenue sources (other than expendable trusts, general long-term debt, or major capital projects) that are legally restricted to expenditures for specified purposes.

Debt Service Funds are used to account for the accumulation of resources for, and the payment of, general long-term debt principal, interest, and related costs.

Capital Projects Funds account for financial resources to be used for the acquisition or construction of major capital facilities which are not financed by Proprietary and Trust Funds.

Proprietary Fund Types

The focus of proprietary fund measurement is upon determination of operating income, changes in net assets, financial position, and cash flows. The generally accepted accounting principles applicable are those similar to businesses in the private sector. The following is a description of the proprietary funds of the City:

Enterprise Funds are used to account for operations (a) that are financed and operated in a manner similar to private business enterprises where the intent of the governing body is that the costs (expenses including depreciation) of providing goods or services to the general public on a continuing basis be financed or recovered primarily through user charges; or (b) where the governing body has decided that periodic determination or revenues earned, expenses incurred, and/or net income is appropriate for capital maintenance, public policy, management control, accountability, or other purposes. Private-sector standards of accounting and financial reporting issued prior to December 1, 1989, generally are followed in both the government-wide and proprietary fund financial statements to the extent that those standards do not conflict with or contradict guidance of the Governmental Accounting Standards Board.

The City maintains three enterprise funds.

Fiduciary Fund Types

Fiduciary Funds are used to report assets held in a trustee or agency capacity for others and therefore are not available to support City programs. The reporting focus is on net assets and changes in net assets and is reported using accounting principles similar to proprietary funds.

The City's fiduciary funds are presented in the fiduciary fund financial statements by type (pension, private purpose and agency). Since by definition these assets are being held for the benefit of a third party (other local governments, private parties, pension participants, etc.) and cannot be used to address activities or obligations of the government, these funds are not incorporated into the government-wide statements.

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Reporting Major, Nonmajor and Fiduciary Fund Statements

The City reports the following major funds:

General Fund - This fund is the City's primary operating fund. It accounts for all financial resources of the general government, except those required to be accounted for in another fund.

Municipal Airport Fund - This fund is used to account for the revenues and expenditures associated with the operation of the airport facility. Financing is provided by airport user charges and grant revenues.

Illinois Municipal Retirement Fund - This fund is used to account for the revenues and expenditures associated with contributions to the retirement fund. Financing is provided by property taxes.

Municipal Sales Tax Fund - This fund is used to account for the revenues and expenditures associated with sales tax collected within the City. Financing is provided by sales tax paid within the City.

Capital Development Fund - This fund is used to account for the acquisition and construction of major capital facilities. Financing is provided by excess landfill surcharge fees from the Landfill Fund.

Landfill Fund - This fund is used to account for the revenues and expenditures associated with the landfill. Financing is provided by landfill host fees.

Sewerage Fund - This fund is used to account for the revenues and expenditures associated with sewer service. Financing is provided by sewer user charges.

Water Department Fund - This fund is used to account for the revenues and expenditures associated with water service. Financing is provided by water user charges.

The City reports the following non-major funds:

Garbage Fund - This fund is used to account for the revenues and expenditures associated with the City garbage. Financing is provided by garbage user charges.

Public Benefit Fund - This fund is used to account for the revenues and expenditures associated with City development. Financing is provided by property taxes.

Downtown Redevelopment Project Fund - This fund is used to account for the revenues and expenditures associated with downtown redevelopment. Financing is provided by property taxes.

Riverfront Project Fund - This fund is used to account for the revenues and expenditures associated with the riverfront project. Financing is provided by property taxes.

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Reporting Major, Nonmajor and Fiduciary Fund Statements (Continued)

Social Security Fund - This fund is used to account for the revenues and expenditures associated with the cost of City employees participating in the social security system. Financing is provided by property taxes.

Working Cash Fund - This fund is used to account for the revenues and expenditures associated with the working cash funds. Financing is provided by investment income.

Motor Fuel Tax Fund - This fund is used to account for the revenues and expenditures associated with construction, maintenance and extension of City streets. Financing is provided by State Motor Fuel Tax allotments.

Library Fund - This fund is used to account for the revenues and expenditures associated with the library. Financing is provided by property taxes, personal property replacement tax and user charges.

Band Fund - This fund is used to account for the revenues and expenditures associated with the band. Financing is provided by property taxes.

Oakwood Cemetery - This fund is used to account for the revenues and expenditures associated with the operation and maintenance of the cemetery. Financing is provided by property taxes and lot sales and services.

Civil Defense Fund - This fund is used to account for the revenues and expenditures associated with the operation and maintenance of the civil defense systems. Financing is provided by property taxes.

Emergency Vehicle Fund - This fund is used to account for the revenues and expenditures associated with operation of the emergency vehicles. Financing is provided by user fees.

Foreign Fire Insurance Fund - This fund is used to account for the revenues and expenditures associated with the foreign fire insurance tax. Financing is provided by foreign fire insurance tax.

Veteran's Memorial Commission Fund - This fund is used to account for the revenues and expenditures associated with the Veteran's Memorial Park. Financing is provided from donations and contributions.

Debt Service Fund - This fund is used to account for the revenues and expenditures associated with the payments of any outstanding debt. Financing is provided by various funds.

CITY OF DIXON, ILLINOIS
NOTES TO BASIC FINANCIAL STATEMENTS

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Basis of Accounting

Basis of accounting refers to the point at which revenues or expenditures/expenses are recognized in the accounts and reported in the financial statements. Basis of accounting relates to the timing of the measurements made, regardless of the measurement focus applied.

Accrual

Both governmental and business-type activities in the government-wide financial statements and the proprietary and fiduciary fund financial statements are presented on the accrual basis of accounting. Revenues are recognized when earned and expenses are recognized when incurred.

Modified Accrual

The governmental funds financial statements are presented on the modified accrual basis of accounting. Under the modified accrual basis of accounting, revenues are recorded when susceptible to accrual; i.e., both measurable and available. "Available" means collectible within the current period or within 60 days after year end. Expenditures are generally recognized under the modified accrual basis of accounting when the related liability is incurred. The exception to this general rule is that principal and interest on general obligation long-term debt, if any, is recognized when due.

Property taxes are recorded as revenue when levied for budgetary purposes. Penalties and interest, court fees, and miscellaneous revenues are recorded when received in cash because they are generally not measurable until actually received. Intergovernmental revenue and interest income are accrued when their receipt occurs soon enough after the end of the accounting period so as to be both measurable and available. Sales, income, and motor fuel taxes are considered "measurable" when in the hands of intermediary collecting governments and are recognized as revenue at that time.

Budgets and Budgetary Accounting

Formal budgetary integration is employed as a management control device during the year for the General Fund and Special Revenue Funds (except Motor Fuel Tax Fund). Formal budgetary integration is not employed for the Debt Service Fund because effective budgetary control is alternatively achieved through general obligation bond indenture provisions.

Budgets for the General Fund and Special Revenue Funds are prepared on a cash basis method of accounting which is in violation of accounting principles generally accepted in the United States of America, but is allowed under Illinois Compiled Statutes for cities. Appropriations lapse at year-end.

CITY OF DIXON, ILLINOIS
NOTES TO BASIC FINANCIAL STATEMENTS
April 30, 2011

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Basis of Accounting (Continued)

New Accounting Standards

In February 2009, the Governmental Accounting Standards Board issued Statement No. 54, *Fund Balance Reporting and Governmental Fund Type Definitions*. This statement establishes accounting and financial reporting standards for all governments that report governmental funds. It establishes criteria for classifying fund balances into specifically defined classifications and clarifies definitions for governmental fund types. The City will be required to adopt GASB 54 in its April 30, 2012 financial statements. The City has not determined the effect, if any, the adoption of GASB No. 54 will have on the City's net assets.

Cash Equivalents

For purposes of the statement of cash flows, the City considers cash equivalents to be all cash on hand, money market accounts, similar type demand accounts and any certificates of deposit with an original maturity date of twelve months or less. Any maturity dates over twelve months are presented as investments.

Investments

State statutes authorize the government to invest in the following:

- (1) commercial banks
- (2) savings and loan institutions
- (3) obligations of the U. S. Treasury and U. S. Agencies
- (4) obligations of States and their political subdivisions
- (5) credit union shares
- (6) repurchase agreements
- (7) commercial paper rated within the three highest classifications by at least two standard rating services
- (8) Illinois Public Treasurer's Investment Pool

In addition, the Police and Firefighters' Pension Trust Funds may invest in other investments, including general and separate accounts of life insurance companies, mutual funds, bank managed funds, and equities.

Investments are reported at fair value which is determined using selected bases. Securities traded on a national or international exchange are valued at the last reported sales price at current exchange rates, and investments that do not have established markets are reported at estimated fair value.

CITY OF DIXON, ILLINOIS
NOTES TO BASIC FINANCIAL STATEMENTS
April 30, 2011

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Accounts Receivable

Accounts receivable are uncollateralized customer obligations which generally require payment within thirty days from the invoice date. Accounts receivable are stated at the invoice amount plus accrued penalties. Any late unpaid accounts bear penalties at 10% of water portion. Account balances with invoices over 45 days old are considered delinquent. Payments of accounts receivable are applied to the specific invoices identified on the customer's remittance advice or, if unspecified, to the earliest unpaid invoices.

The carrying amount of accounts receivable is reduced by a valuation allowance that reflects management's best estimate of amounts that will not be collected. The allowance for doubtful accounts is based on management's assessment of the collectability of specific customer accounts and the aging of the accounts receivable. If there is a deterioration of a major customer's credit worthiness or actual defaults are higher than the historical experience, management's estimates of the recoverability of amounts due the City could be adversely affected. All accounts or portions thereof deemed to be uncollectible or to require an excessive collection cost are written off to the allowance for doubtful accounts. An allowance for doubtful accounts has been provided to uncollectible accounts receivable in the amount of \$77,500.

Short-Term Interfund Receivables/Payables

During the course of operations, numerous transactions occur between individual funds for goods provided or services rendered. These receivables and payables are classified as "due from other funds" or "due to other funds" on the balance sheet. Short-term interfund loans, if any, are also classified as "due from other funds" or "due to other funds" on the balance sheet. Interfund receivables and payables between individual governmental activities and individual business-type activities are eliminated in the Statement of Net Assets.

Inventories

Inventories are valued at cost, which approximates market, using the first-in/first-out (FIFO) method. The costs of governmental fund-type insignificant inventories are recorded as expenditures when consumed rather than when purchased.

Prepaid Items

Payments made to vendors for services that will benefit periods beyond April 30, 2011, are recorded as prepaid items.

Capital Assets

Capital assets purchased or acquired with an original cost of \$1,500 or more are reported at historical cost or estimated historical cost. Contributed assets are reported at fair market value as of the date received. Additions, improvements and other capital outlays that significantly extend the useful life of an asset are capitalized. Other costs incurred for repairs and maintenance are expensed as incurred. Depreciation on all assets is provided on the straight-line basis over the following estimated useful lives:

CITY OF DIXON, ILLINOIS
NOTES TO BASIC FINANCIAL STATEMENTS
April 30, 2011

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Capital Assets (Continued)

Buildings and improvements	25 years
Machinery and equipment	10 years
Furniture and fixtures	10 years
Computer equipment	5 years
Vehicles	5 years
Streets and sidewalks	20 years
Bridges	50 years
Wastewater Treatment Plant	20 years
Sewer extensions/Storm sewers	20 years
Water System	10 - 30 years

Impairment of Long-Lived Assets

The City reviews long-lived assets for impairment whenever events or changes in circumstances indicate the carrying amount of an asset may not be recoverable. Recoverability of assets to be held and used is measured by a comparison of the carrying amount of an asset to future undiscounted net cash flows expected to be generated by the asset. If such assets are considered to be impaired, the impairment to be recognized is measured by the amount by which the carrying amount of the assets exceeds the fair value of the assets. Assets to be disposed of are reported at the lower of carrying amount or the fair value less costs to sell.

Property Taxes

Property taxes generated from the 2009 property tax levy are used to finance the operating budget of the fiscal year ending April 30, 2011 on the budgetary cash basis. Recognition of the revenue is deferred until the year it is intended to finance. The City's property tax is levied each year at the time the budget for the ensuing year is passed and is extended against the assessed valuation of the City on January 1 of that year. Property taxes attach as an enforceable lien on property as of January 1 and are generally payable in two installments in June and September. The City receives significant distributions of tax receipts within one month of these due dates.

Long-Term Obligations

The accounting treatment of long-term debt depends on whether the assets are used in governmental fund operations or proprietary fund operations and whether they are reported in the government-wide or fund financial statements.

All long-term debt to be repaid from governmental and business-type resources is reported as liabilities in the government-wide statements. The long-term debt consists primarily of notes payable and net pension obligations.

Long-term debt for governmental funds is not reported as liabilities in the fund financial statements. The debt proceeds are reported as other financing sources and payment of principal and interest reported as expenditures. The accounting for proprietary fund is the same in the fund statements as it is in the government-wide statements.

CITY OF DIXON, ILLINOIS
NOTES TO BASIC FINANCIAL STATEMENTS
April 30, 2011

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Fund Equity/Net Assets

Government-wide Statements

Equity is classified as net assets and displayed in three components:

- a. Invested in capital assets, net of related debt – Consists of capital assets including restricted capital assets, net of accumulated depreciation and reduced by the outstanding balances of any bonds, mortgages, notes, or other borrowings that are attributable to the acquisition, construction, or improvement of those assets.
- b. Restricted net assets – Consists of net assets with constraints placed on the use either by (1) external groups such as creditors, grantors, contributors, or laws or regulations of other governments; or (2) law through constitutional provisions or enabling legislation.
- c. Unrestricted net assets – all other net assets that do not meet the definition of “restricted” or “invested in capital assets, net of related debt.”

Fund Statements

Governmental fund equity is classified as fund balance. Fund balance is further classified as reserved and unreserved. Reserves represent those portions of fund equity that are legally segregated for a specific future use or not appropriable for expenditure. Proprietary fund equity is classified the same as in the government-wide statements.

Interfund Transactions

Quasi-external transactions are accounted for as revenues, expenditures or expenses. Transactions that constitute reimbursements to a fund for expenditures/expenses initially made from it that are properly applicable to another fund, are recorded as expenditures/expenses in the reimbursing fund and as reductions of expenditures/expenses in the fund that is reimbursed.

All other interfund transactions, except quasi-external transactions and reimbursements, are reported as transfers. Nonrecurring or nonroutine permanent transfers of equity are reported as residual equity transfers. All other interfund transfers are reported as operating transfers. For the purposes of the Statement of Activities, all interfund transfers between individual governmental activities and individual business-type activities have been eliminated.

Compensated Absences

Vested or accumulated vacation/sick leave that is expected to be liquidated with expendable available financial resources is reported as an expenditure and a fund liability of the governmental fund that will pay it.

**CITY OF DIXON, ILLINOIS
NOTES TO BASIC FINANCIAL STATEMENTS
April 30, 2011**

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Compensated Absences (Continued)

The Water Department accrues unpaid vacation time when earned by the employee. Each employee is allowed to carryover five days to the subsequent fiscal year. As of April 30, 2011, \$5,061 of accrued vacation is included in accrued employee compensation.

Proprietary Funds Revenues and Expenses

Operating revenues and expenses for proprietary funds are those that result from providing services and producing and delivering goods and/or services.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions. These estimates and assumptions affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements, as well as the reported amounts of revenue and expense during the reporting period. Actual results could differ from those estimates.

NOTE 2 - DEPOSITS AND INVESTMENTS

The City's investment policy allows them to invest in any type of security allowed for in Illinois statutes regarding the investment of public funds. The policy states that investments shall be made that reflect the cash flow needs of the type being invested. In general, the City may invest in obligations of the United States of America or its agencies (or guaranteed by the full faith and credit of the same) and certain time deposits and short-term obligations as defined in the Public Fund Investment Act. At year-end, the carrying amount of the City's cash deposits and investments was \$25,291,223 and the bank balances totaled \$27,119,261. Cash on hand was \$3,122.

At year end, the investment maturities are as follows:

<u>Investment Type</u>	<u>Fair value</u>	<u>Investment Maturities (in years)</u>			
		<u>Less than 1</u>	<u>1 - 5</u>	<u>6 - 10</u>	<u>10 or more</u>
Certificates of Deposit	\$ 670,856	\$ 537,143	\$ 133,713	\$ -	\$ -
U.S. Treasuries and Agencies	8,401,259	457,405	961,811	276,069	6,705,974
Corporate Bonds	607,100	361,845	245,255	-	-
Illinois Treasurer's Investment Pool	206,700	206,700	-	-	-
Mutual Funds	<u>12,162,737</u>	<u>12,162,737</u>	<u>-</u>	<u>-</u>	<u>-</u>
Total	<u>\$22,048,652</u>	<u>\$13,725,830</u>	<u>\$ 1,340,779</u>	<u>\$ 276,069</u>	<u>\$6,705,974</u>

CITY OF DIXON, ILLINOIS
NOTES TO BASIC FINANCIAL STATEMENTS
April 30, 2011

NOTE 2 - DEPOSITS AND INVESTMENTS (CONTINUED)

Investments in the Illinois Funds

The State Treasurer maintains the Illinois Treasurer's Investment Pool (Pool) at cost and fair value through daily adjustment in the interest earnings. The State Treasurer also maintains the average duration of the pool at less than 25 days. The Pool is audited annually by an outside independent auditor and copies of the report are distributed to participants. The Pool maintains a Standard and Poor's AAA rating. The relationship between the City and the investment agent is a direct contractual relationship and the investments are not supported by a transferable instrument that evidences ownership or creditorship. At April 30, 2011, the City had \$206,700 in the Pool, which approximates fair value.

All funds deposited in the Pool are classified as investments even though some could be withdrawn on a day's notice. Although not subject to direct regulatory oversight, the fund is administered in accordance with the provisions of the Illinois Public Funds Investment Act, 30 ILCS 235.

Interest Rate Risk

As a means of limiting its exposure to fair value losses arising from rising interest rates, the City's investment policy limits funds that are not directly matched with anticipated cash flow requirements to maturities of four years or less. Reserve funds may be invested in securities exceeding six years. For the City's Police and Fire Pension Funds, the investment policy allows them to invest in securities that will mature no less than 5 years from the original purchase date.

Credit Risk

The City's investment policy is to apply the prudent person rule: Investments are made as a prudent person would be expected to act, with discretion and intelligence, to conform with legal requirements, seek reasonable income, preserve capital, maintain liquidity, and in general, avoid speculative instruments. The City's investments in the Illinois Treasurer's Investment Pool maintain a rating of AAA by Standard and Poor's.

Custodial Credit Risk – Deposits

Custodial credit risk is the risk that in the event of a bank failure, the City's deposits may not be returned to it. The City's investment policy allows that funds on deposit in excess of FDIC limits must be secured by some form of collateral, witnessed by a written agreement and held at an independent, third party institution in the name of the City. As of April 30, 2011, \$-0- of the City's deposits were exposed to custodial credit risk.

**CITY OF DIXON, ILLINOIS
NOTES TO BASIC FINANCIAL STATEMENTS
April 30, 2011**

NOTE 2 - DEPOSITS AND INVESTMENTS (CONTINUED)

Concentration of Credit Risk

Concentration of credit risk is the risk of loss attributed to the magnitude of the City's investment in a single issuer. The City does not have more than 5.00% of its investments with any one issuer.

NOTE 3 - CAPITAL ASSETS

Capital asset activity for the year ended April 30, 2011, was as follows:

	<u>Balance at May 1, 2010</u>	<u>Additions</u>	<u>Disposals</u>	<u>Balance at April 30, 2011</u>

Water department	<u>474,527</u>
Total depreciation expense	<u>\$ 2,416,447</u>

NOTE 4 - PAYMENTS TO KEN NELSON AUTO PLAZA

On May 14, 1999, the City entered into an agreement with Ken Nelson Auto Plaza in Dixon called the "Retailers Occupation Tax Rebate Agreement". Under this agreement, Ken Nelson Auto Plaza undertook a large construction project in order to expand their current business, which will remain within City limits and will generate more sales tax revenue. In exchange, the City agrees to reimburse Ken Nelson Auto Plaza the greater of one-half of the ROT receipts, or, \$8,500 per month or the actual ROT receipts during that month, whichever is less. After sixty months, the City will pay Ken Nelson one-half of the ROT receipts per month. The agreement expires in May 2024. The amount of ROT rebate expenses during fiscal year ending April 30, 2011 was \$51,230.

NOTE 5 - LEGAL DEBT MARGIN

The following schedule illustrates the legal debt margin of the City as of April 30, 2011:

Assessed valuation – 2010		<u>\$ 179,434,642</u>
Statutory debt limitation (8.625% of assessed valuation)		\$ 15,476,238
Total debt:

EPA Loans Payable

The Water Department entered into a loan agreement on August 22, 2005, with the Environmental Protection Agency for improvements to the City of Dixon Public Water Supply facilities. The work includes the removal of two concrete water storage reservoirs and the construction of a new 1.25 million gallon storage reservoir along with a waterworks building. The loan bears a 2.50% interest rate with a term of 20 years with principal and interest payments due in April and October of each year. The City of Dixon has issued an ordinance stating costs are to be paid from the loan proceeds and repayment of the loan by the City of Dixon is to be repaid from revenues of the system and sales tax revenues. The ordinance also states that the loan does not constitute indebtedness of the City of Dixon. The following schedule discloses principal and interest requirements to maturity on the loan:

<u>Year Ending April 30</u>	<u>Principal</u>	<u>Interest</u>	<u>Total</u>
2012	\$ 136,116	\$ 62,700	\$ 198,816

The Water Department entered into a loan agreement on November 19, 2007, with the Environmental Protection Agency for improvements to the City of Dixon Public Water Supply facilities. The work includes the construction of two water treatment plants to provide compliance with radium standards for the City of Dixon Public Water Supply. The loan bears a 2.50% interest rate with a term of 20 years with principal and interest payments due in March and September of each year. The following schedule discloses principal and interest requirements to maturity on the loan:

<u>Year Ending April 30</u>	<u>Principal</u>	<u>Interest</u>	<u>Total</u>
2012	\$ 224,969	\$ 120,368	\$ 345,337

NOTE 6 - LONG-TERM DEBT (CONTINUED)

Business-Type Activities (Continued)

EPA Loans Payable (continued)

The Water Department entered into a loan agreement on July 15, 2009, with the Environmental Protection Agency for the construction of two new 1,500 gallons per minute water treatment facilities to provide compliance with radium standards for the City of Dixon public water supply. As of the year ended April 30, 2011, the Water Department has received \$2,769,806 in loan proceeds and has accrued \$330,844 in amounts owed to contractors, for which loan proceeds have not yet been received. The total loan of \$4,134,201 has been approved at a zero percent simple interest rate with a term of 20 years, with principal payments due in January and July of each year. Of the total loan amount, \$2,067,101 of eligible costs are being funded under the American Recovery and Reinvestment Act, of which one-half (1/2), \$1,033,551 will not be required to be repaid. \$2,067,100 of eligible costs are being funded from the Public Water Supply Loan Program (PWSLP). The construction loan is recorded as a current liability until the project has been completed.

The Water Department entered into a loan agreement on October 25, 2010, with the Environmental Protection Agency for the construction of a new 2,000 gallon per minute water treatment facility to provide compliance with radium standards for the City of Dixon public water supply. As of the year ended April 30, 2011, the Water Department has received \$750,010 in loan proceeds and has accrued \$294,814 in amounts owed to contractors, for which loan proceeds have not yet been received. The total loan of \$4,187,022 has been approved at a 1.25% simple interest rate with a term of 20 years, with principal payments due in January and July of each year. Of the total loan amount, \$1,046,756 will be forgiven by the State of Illinois pursuant to principal forgiveness provisions contained in the Loan Rules. \$3,140,266 of the loan amount will be required to be repaid along with all accrued interest. Payments are to be made semi-annually with the first payment due June 1, 2012. The construction loan is recorded as a current liability until the project has been completed.

Restricted Cash and Investments

In accordance with the provisions of the Water Department's bond ordinances, special accounts have been established to receive and disburse funds for specific purposes such as construction, repair and maintenance and bond retirement. Departmental revenues are transferred to these accounts as specified in the ordinances after first being deposited in a common cash account. In addition, the Department requires a refundable deposit from consumers. The cash and investments from consumer deposits and special accounts established by bond ordinances are not available for operating expenses of the Department. The following schedule shows the detail on these accounts:

NOTE 7 - LEASE AGREEMENT

On December 19, 2006, the City of Dixon, as lessee, approved a lease agreement with Lee County, Illinois, for police dispatching, call taking and telecommunications services in the Law Enforcement Building. The lease term commenced December 1, 2006 and is for five years. Provided that neither party gives notice at the end of the five year term, the contract will self-renew for an annual term. However, after the initial five year term expires, either party may terminate the agreement upon giving six months prior written notice to the other party of its intent to terminate. Currently, the lease calls for monthly payments from the City in the amount of \$9,606.

NOTE 8 - LEGAL COMPLIANCE AND ACCOUNTABILITY

Budgets

All departments of the City submit requests for appropriation to the City so that a budget may be prepared. The budget is prepared by fund, function, and activity, and includes information on the past year, current year estimates, and requested appropriations for the next fiscal year.

The proposed budget is presented to the City Council for review. The City Council holds public hearings and may add to, subtract from, or change appropriations, but may not change the form of the budget. Prior to May 1, the budget is legally enacted through passage of an ordinance.

Any changes in the budget must be within the expenditure classifications of personal services, capital improvements, purchases of equipment, commodities and services, and supplies and materials or the budgeted expenditure classifications must be changed by an affirmative vote of a majority of the City Council.

Expenditures may not legally exceed appropriations at the fund level.

**CITY OF DIXON, ILLINOIS
NOTES TO BASIC FINANCIAL STATEMENTS
April 30, 2011**

NOTE 9 - PENSION PLANS

The City has three pension plans covering eligible employees - Police Pension Plan, Firefighters' Pension Plan, and Illinois Municipal Retirement Fund. Each plan's assets may be only used for the payment of benefits to the members of that plan, in accordance with the terms of the plan.

Membership of each plan consisted of the following at April 30, 2011:

	<u>Police Pension</u>	<u>Firefighters' Pension</u>
Retirees and beneficiaries currently receiving benefits and terminated employees entitled to benefits but not yet receiving them	28	22
Current employees	<u>29</u>	<u>16</u>
Total	<u><u>57</u></u>	<u><u>38</u></u>

Police Pension Plan

Plan description

Police sworn personnel are covered by the Police Pension Plan which is a single-employer defined benefit pension plan. Although this is a single-employer pension plan, the defined benefits and employee and employer contributions levels are governed by Illinois Compiled Statutes (Chapter 40, Section 5, Article 3) and may be amended only by the Illinois legislature. The City accounts for the plan as a pension trust fund.

The Police Pension Plan provides retirement benefits as well as death and disability benefits. Employees attaining the age of 50 or more with 20 or more years of creditable service are entitled to receive an annual retirement benefit of one-half of the salary attached to the rank held on the last day of service, or for one year prior to the last day, whichever is greater. The pension shall be increased by 2.5% of such salary for each additional year of service over 20 years up to 30 years, and 1% of such salary for each additional year of service over 30 years, to a maximum of 75% of such salary. Employees with at least eight years but less than 20 years of credited service may retire at or after age 60 and receive a reduced benefit.

The monthly pension of a police officer who retired with 20 or more years of service after January 1, 1977, shall be increased annually, following the first anniversary date of retirement and be paid upon reaching the age of at least 55 years, by 3% of the original pension and 3% simple interest annually thereafter.

**CITY OF DIXON, ILLINOIS
NOTES TO BASIC FINANCIAL STATEMENTS
April 30, 2011**

NOTE 9 - PENSION PLANS (CONTINUED)

Police Pension Plan (Continued)

Contributions

Covered employees are required to contribute 9.91% of their base salary to the Police Pension Plan. If an employee leaves covered employment with less than 20 years of service, accumulated employee contributions may be refunded without accumulated interest. The City is required to contribute the remaining amounts necessary to finance the plan as actuarially determined by an enrolled actuary. By the year 2020, the City's contributions must accumulate to the point where the past service cost for the Police Pension Plan is fully funded.

Three-Year Trend Information

<u>Fiscal Year Ending</u>	<u>Annual Pension Cost</u>	<u>Percentage of APC Contributed</u>	<u>Net Pension Obligation</u>

April 30, 2008	333,426	116.81%	-

Firefighters' Pension Plan

Plan Description

The Firefighters' Pension Plan is a single-employer defined benefit pension plan that provides retirement benefits as well as death and disability benefits. Although this is a single-employer pension plan, the defined benefits and employee contributions levels are governed by the Illinois Compiled Statutes (Chapter 40, Section 5, Article 4) and may be amended only by the Illinois legislature.

Employees attaining the age of 50 or more with 20 or more years of creditable service are entitled to receive a monthly retirement benefit of one-half of the monthly salary attached to the rank held in the fire service at the date of retirement. The monthly pension shall be increased by one-twelfth of 2.5% of such monthly salary for each additional month over 20 years of service through 30 years of service and one-twelfth of 1% of such monthly service for each additional month over 30 years of service, to a maximum of 75% of such monthly salary. Employees with at least ten years but less than 20 years of credited service may retire at or after age 60 and receive a reduced retirement benefit.

The monthly pension of a firefighter who retired with 20 or more years of service after January 1, 1977, shall be increased annually, following the first anniversary date of retirement and paid upon reaching at least the age 55, by 3% of the original pension and 3% annually thereafter.

CITY OF DIXON, ILLINOIS
NOTES TO BASIC FINANCIAL STATEMENTS
April 30, 2011

NOTE 9 - PENSION PLANS (CONTINUED)

Firefighters' Pension Plan (Continued)

Contributions

Covered employees are required to contribute 9.455% of their salary to the Firefighters' Pension Plan. If an employee leaves covered employment with less than 20 years of service, accumulated employee contributions may be refunded without interest. The City is required to contribute the remaining amounts (not less than 17.500%) necessary to finance the plan as actuarially determined by an enrolled actuary. By the year 2020, the City's contributions must accumulate to the point where the past service cost for the Firefighters' Pension Plan is fully funded.

Three-Year Trend Information

<u>Fiscal Year Ending</u>	<u>Annual Pension Cost</u>	<u>Percentage of APC Contributed</u>	<u>Net Pension Obligation</u>
April 30, 2010	\$ 431,447	78.44%	\$ 650,408
April 30, 2009	494,370	68.21%	557,398
April 30, 2008	348,067	85.70%	400,244

Police and Firefighters' Pension

The amount shown as the "actuarial accrued liability" is a substitute for the standard disclosure measure of the present value of pension benefits, adjusted for the effects of projected salary increases and step-rate benefits, estimated to be payable in the future as a result of employee service to date. The measure is intended to help users assess the funding status of the system on a going-concern basis, assess progress made in accumulating sufficient assets to pay benefits when due, and make comparisons among employers. The measure is the actuarial present value of credited projected benefits and is independent of the funding method used to determine contributions to the Plan.

	Police and Firefighters' Pension
Actuarial valuation date	April 30, 2010
Significant actuarial assumptions:	
a) Rate of return on investment of present and future assets	7.00% compounded annually
b) Projected salary increases - attributable to inflation	5.50% compounded annually
c) Additional projected salary increases - attributable to seniority	Information not available
d) Post-retirement benefit increases	3.00% simple interest annually

(Note) Allocation of current employees-accumulated contributions between vested and non-vested has not been determined at this time.

Actuarially determined contribution requirements and contribution made

The Plan's funding policy provides for actuarially determined periodic contributions at rates that, for individual employees, accumulate assets gradually over time so that sufficient assets will be available to pay benefits when due. The rate for the City's employee group as a whole has tended to remain level as a percentage of annual covered payroll. The contribution rate for normal cost is determined using the entry age normal actuarial funding method. The Plan used a level dollar amount method to amortize the unfunded liability over a 40 year period.

Illinois Municipal Retirement Fund

Plan Description. The City's defined benefit pension plan for Regular employees provides retirement and disability benefits, post retirement increases, and death benefits to plan members and beneficiaries. The City's plan is affiliated with the Illinois Municipal Retirement Fund (IMRF), an agent multiple-employer plan. Benefit provisions are established by statute and may only be changed by the General Assembly of the State of Illinois. IMRF issues a publicly available financial report that includes financial statements and required supplementary information. That report may be obtained on-line at www.imrf.org.

Funding Policy. As set by statute, the City's Regular plan members are required to contribute 4.50% of their annual covered salary. The statute requires the City to contribute the amount necessary, in addition to member contributions, to finance the retirement coverage of its own employees. The City's contribution rate for calendar year 2010 used by the City was 8.46% of annual covered payroll. The City's annual required contribution rate for calendar year 2010 was 11.66%. The City also contributes for disability benefits, death benefits and supplemental retirement benefits, all of which are pooled at the IMRF level. Contribution rates for disability and death benefits are set by the IMRF Board of Trustees, while the supplemental retirement benefits rate is set by statute.

CITY OF DIXON, ILLINOIS
NOTES TO BASIC FINANCIAL STATEMENTS
April 30, 2011

NOTE 9 - PENSION PLANS (CONTINUED)

Illinois Municipal Retirement Fund (Continued)

Annual Pension Cost. For calendar year ending December 31, 2010, the City's actual contributions for pension cost for the Regular were \$185,551. Its required contribution for calendar year 2010 was \$255,736.

Three-Year Trend Information

<u>Fiscal Year Ending</u>	<u>Annual Pension Cost</u>	<u>Percentage of APC Contributed</u>	<u>Net Pension Obligation</u>
December 31, 2010	\$ 255,736	73%	\$ 70,185
December 31, 2009	172,766	100%	-
December 31, 2008	159,627	100%	-

The required contribution for 2010 was determined as part of the December 31, 2008, actuarial valuation using the entry age normal actuarial cost method. The actuarial assumptions at December 31, 2008, included (a) 7.50% investment rate of return (net of administrative and direct investment expenses), (b) projected salary increases of 4.00% a year, attributable to inflation, (c) additional projected salary increases ranging from 0.40% to 10.00% per year depending on age and service, attributable to seniority/merit, and (d) post retirement benefit increases of 3.00% annually. The actuarial value of the City's Regular plan assets was determined using techniques that spread the effects of short-term volatility in the market value of investments over a five-year period with a 20.00% corridor between the actuarial and market value of assets. The City's Regular plan's unfunded actuarial accrued liability at December 31, 2008 is being amortized as a level percentage of projected payroll on an open 30-year basis.

Funded Status and Funding Progress. As of December 31, 2010, the most recent actuarial valuation date, the Regular plan was 85.01% funded. The actuarial accrued liability for benefits was \$8,215,313 and the actuarial value of assets was \$6,984,077, resulting in an underfunded actuarial accrued liability (UAAL) of \$1,231,236. The covered payroll (annual payroll of active employees covered by the plan) was \$2,193,274 and the ratio of the UAAL to the covered payroll was 56.00%.

The schedule of funding progress, presented as Required Supplemental Information following the notes to the financial statements, presents multiyear trend information about whether the actuarial value of plan assets is increasing or decreasing over time relative to the actuarial accrued liability for benefits.

NOTE 10 - OTHER POST-EMPLOYMENT BENEFITS

The City implemented Governmental Accounting Standards Board Statement No. 45, *Accounting and Financial Reporting by Employers for Postemployment Benefits Other Than Pensions*, effective May 1, 2008. This statement requires the costs of postemployment benefits other than pension benefits to be recognized over a period that approximates an employee's years of service. Additional disclosures required by this statement are included below.

Plan Description

In addition to providing the pension benefits described in Note 9, the City provides postemployment health care benefits (OPEB) for retired employees through a single employer defined benefit plan (Retiree Healthcare Program). The benefits, benefit levels, employee contributions and employer contributions are governed by the City and can be amended by the City through its personnel manual and union contracts. The plan is not accounted for as a trust fund, as an irrevocable trust has not been established to account for the plan. The plan does not issue a separate report. The activity of the plan is reported in the City's governmental and business-type activities.

Benefits Provided

The City provides continued health insurance coverage at a reduced rate to all eligible retirees, which creates a subsidy of retiree health insurance. To be eligible for benefits, an employee must qualify for retirement under one of the City's retirement plans. Upon a retiree reaching age 65 years of age, Medicare becomes the primary insurer and the retiree can choose not to participate in the plan or continue under the City's plan at a Medicare Supplement rate.

Membership

At April 30, 2011, membership consisted of:

Retirees and beneficiaries currently receiving benefits	10
Terminated employees entitled to benefits but not yet receiving them	-
Active employees	<u>106</u>
Total	<u><u>116</u></u>
Participating employers	<u><u>1</u></u>

Funding Policy

The City is not required to and currently does not advance fund the cost of benefits that will become due and payable in the future. Active employees do not contribute to the plan until retirement.

Premium cost sharing arrangements vary depending on the bargaining unit and date of retirement. Qualified retirees pay a percentage of the premium cost for single and dependent coverage based on Medicare status and family status.

CITY OF DIXON, ILLINOIS
NOTES TO BASIC FINANCIAL STATEMENTS
April 30, 2011

NOTE 10 - OTHER POST-EMPLOYMENT BENEFITS (CONTINUED)

Annual OPEB Costs and Net OPEB Obligation

The City's annual other postemployment benefit (OPEB) cost (expense) is calculated based on the annual required contribution (ARC) of the City, an amount actuarially determined in accordance with the parameters of GASB Statement No. 45. The ARC represents a level of funding that, if paid on an on-going basis, is projected to cover normal cost each year and amortize any unfunded actuarial liabilities (or funding excess) over a period not to exceed thirty years.

The City first had an actuarial valuation performed for the plan as of April 30, 2009 to determine the funded status of the plan as of that date as well as the employer's annual required contribution (ARC) for the fiscal year ended April 30, 2009. The City's annual OPEB cost (expense) of \$177,181 was equal to the ARC for the fiscal year 2009, as the transition liability was set at zero as of May 1, 2008. The City's annual OPEB cost, the percentage of annual OPEB cost contributed to the plan, and the net OPEB obligation for 2011 was as follows:

<u>Fiscal Year Ended</u>	<u>Annual OPEB Cost</u>	<u>Employer Contributions</u>	<u>Percentage of Annual OPEB Cost Contributed</u>	<u>Net OPEB Obligation</u>
April 30, 2011	\$ 181,348	\$ 113,481	0.00%	\$ 264,832
April 30, 2010	179,265	111,398	0.00%	196,965
April 30, 2009	177,181	48,082	0.00%	129,098

The net OPEB obligation as of April 30, 2011, was calculated as follows:

Annual required contribution	\$ 90,714
Interest on net OPEB obligation	1,613
Adjustment to annual required contribution	<u>(3,009)</u>
Annual OPEB cost	89,318
Contributions made	<u>21,451</u>
Increase in net OPEB obligation	<u>67,867</u>
Net OPEB obligation, beginning of year	<u>196,965</u>
Net OPEB obligation, end of year	<u>\$ 264,832</u>

Funded Status and Funding Progress

The funded status of the plan as of April 30, 2011, was as follows:

Actuarial accrued liability (AAL)	\$ 1,662,066
Actuarial value of plan assets	\$ -
Unfunded actuarial accrued liability (UAAL)	\$ 1,662,066
Funded ratio (actuarial value of plan assets/AAL)	0.00%
Covered payroll (active plan members)	\$ 5,366,785
UAAL as a percentage of covered payroll	30.97%

CITY OF DIXON, ILLINOIS
NOTES TO BASIC FINANCIAL STATEMENTS
April 30, 2011

NOTE 10 - OTHER POST-EMPLOYMENT BENEFITS (CONTINUED)

Annual OPEB Costs and Net OPEB Obligation (Continued)

Funded Status and Funding Progress (continued)

Actuarial valuations of an ongoing plan involve estimates of the value of reported amounts and assumptions about the probability of occurrence of events far into the future. Examples include assumptions about future employment, mortality and the healthcare cost trend. Amounts determined regarding the funded status of the plan and the ARCs of the employer are subject to continual revision as actual results are compared with past expectations and new estimates are made about the future. The schedule of funding progress, presented as required supplementary information following the notes to the financial statements, presents multiyear trend information that shows whether the actuarial value of plan assets is increasing or decreasing over time relative to the AALs for benefits.

Actuarial Methods and Assumptions

Projections of benefits for financial reporting purposes are based on the substantive plan (the plan as understood by the employer and plan members) and include the types of benefits provided at the time of each valuation and the historical pattern of sharing of benefit costs between the employer and plan members to that point. The actuarial methods and assumptions used include techniques that are designed to reduce short-term volatility in actuarial accrued liabilities and the actuarial value of assets, consistent with the long-term perspective of the calculations.

In the April 30, 2009 actuarial valuation, the projected unit credit method was used. The actuarial assumptions included a discount rate of 2.50%, salary increases comprised of a wage inflation component of 1.90%, and an ultimate healthcare trend rate of 10.00% initially and an ultimate rate of 4.20%. The calculations assume a level-percentage-of-pay 30-year open amortization period for retirees.

The actuarial value of assets was not determined as the City has not advance funded its obligation.

NOTE 11 - DEFERRED COMPENSATION PLAN

The City offers its employees a deferred compensation plan created in accordance with Internal Revenue Code Section 457. The plan, available to all City employees, allows them to defer a part of their compensation until future years. The City is not required to make any contributions to the plan. The amounts deferred, and earnings thereon, are not available to employees until termination, retirement, death or unforeseeable emergency.

All assets and income of the plan are held in trust for the exclusive benefit of the participants and their beneficiaries. As of December 1, 1998, the City of Dixon includes the deferred compensation plan in the fiduciary funds and reports it as a private-purpose trust.

Interfund loans existing at April 30, 2011 and their purpose were as follows:

The General Fund owed non-major governmental funds, Pension Trust Funds, Sewerage Fund, Municipal Sales Tax Fund, and the Illinois Municipal Retirement Fund \$3,290,626, \$264,032, \$1,785,000, \$50,000 and \$1,066,000, respectively for money loaned to cover the cash flow of the General Fund.

The Water Department owed the Sewerage Fund and General Fund \$561,290 and \$5,461, respectively for revenues and fees collected on behalf of the Sewerage Fund and insurance expense paid by the General Fund, but not yet remitted at April 30, 2010.

The Sewerage Fund owed the General Fund, Landfill Fund, Water Fund, and a non-major governmental fund \$185,000, \$1,085,744, \$430,745, and \$205,000, respectively for various capital expenditures.

The Landfill Fund owed the Illinois Municipal Retirement Fund and a non-major governmental fund \$1,782,034 and \$885,615, respectively for transfers to the Capital Development Fund.

The Capital Development Fund owed the General Fund, Illinois Municipal Retirement Fund, Landfill Fund, Sewerage Fund, and non-major governmental funds \$90,000, \$550,000, \$250,000, \$150,000, and \$726,216, respectively for various capital expenditures.

The Municipal Sales Tax Fund owed the Sewerage Fund \$50,000 for various capital expenditures.

The Municipal Airport Fund owed the General Fund, Illinois Municipal Retirement Fund, and non-major governmental funds \$88,000, \$106,377, and \$10,000, respectively for various capital expenditures.

**CITY OF DIXON, ILLINOIS
NOTES TO BASIC FINANCIAL STATEMENTS
April 30, 2011**

NOTE 13 - DISBURSEMENTS IN EXCESS OF APPROPRIATIONS AND FUND DEFICITS

Excess of expenditures over appropriations in individual funds

The following funds had an excess of expenditures over appropriations for the year ended April 30, 2011:

	<u>Budget</u>	<u>Actual</u>
Foreign Fire Insurance Tax Fund	\$ -	\$ 2,089
Veterans Memorial Commission Fund	-	74,689

The following funds had deficit fund balances or deficit net assets balances:

General Fund	\$ (5,701,736)
Capital Development	(1,759,292)
Municipal Airport Fund	(190,909)
Landfill Fund	(1,324,017)
Oakwood Cemetery	(358,796)

The City is planning on financing these fund deficits with transfers from other funds.

NOTE 14 - SANITARY LANDFILL CLOSURE AND POSTCLOSURE CARE COSTS

State and federal laws and regulations require that a final cover be placed on a landfill when closed and certain maintenance performed and functions monitored at the landfill site for thirty years after closure. The landfill site remains open, and the City of Dixon, Illinois has sold the landfill site to Allied Waste Industries of Illinois, Inc., and Allied Waste Industries of Illinois, Inc., is responsible for the closure and post closure care costs.

NOTE 15 - RISK MANAGEMENT

The City is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees, and natural disasters. The City is insured for property, general liability, workers compensation, and other risks accounted for in the General Fund.

The City is also exposed to risks of loss relating to medical insurance claims of its employees. The City is insured under a retrospectively rated policy for these medical claims.

There were no losses in excess of insurance coverage for any of the prior three years.

Amounts received or receivable from grantor agencies are subject to audit and adjustment by grantor agencies, principally the federal government. Any disallowed claims, including amounts already collected, may constitute a liability of the applicable funds. The amount, if any, of expenditures which may be disallowed by the grantor cannot be determined at this time although the government expects such amounts, if any, to be immaterial.

As of April 30, 2011, the City had remaining obligations under construction contracts as follows:

	<u>Project amount authorized</u>	<u>Expended to date</u>	<u>Commitment</u>
Radium Project Phase III	\$ 3,900,000	\$ 1,100,287	\$ 2,799,713

CITY OF DIXON, ILLINOIS
NOTES TO BASIC FINANCIAL STATEMENTS
April 30, 2011

NOTE 16 - COMMITMENTS (CONTINUED)

On April 18, 2011, the City Council approved the sale of land within the Lee County Industrial Park to Lee County, Illinois for \$125,000. However at April 30, 2011, the transaction had not closed.

NOTE 17 - LEE COUNTY INDUSTRIAL DEVELOPMENT ASSOCIATION

The Water Department entered into an agreement with the Lee County Industrial Development Association (LCIDA) during July 1998. The agreements reflect payments to be received from LCIDA under Paragraph 5(b) of the Annexation Agreement for the development of water lines and water service to 53.39 acres south of the City of Dixon. During the fiscal year ended April 30, 2003, LCIDA sold the remaining acres and owes the Water Department \$59,613. The balance of this agreement is still unpaid at April 30, 2011.

NOTE 18 - DIXON COMMUNITY FIRE PROTECTION DISTRICT

The City of Dixon has filed objections related to taxes that the Dixon Community Fire Protection District (District) is receiving from certain property in Lee County. During the year ended April 30, 2011, the City and the District entered into an agreement whereby the District will make payments as follows:

- \$120,000 thirty days after entry of the agreement
- \$150,000 on or before September 15, 2011 and
- on each September 15th thereafter during the term of the agreement, a payment computed based on the Equalized Assessed Value of the property annexed to the City of Dixon but not disconnected from the District

The term of the agreement is from April 30, 2011 through April 30, 2016 and shall be automatically extended for an additional two years unless either party gives written notice to terminate.

NOTE 19 - RISKS AND UNCERTAINTIES

The Pension Trust Funds invest in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statement of net assets available for benefits.

NOTE 20 - MANAGEMENT EVALUATION OF SUBSEQUENT EVENTS

Management has evaluated events subsequent to the year ended April 30, 2011 and up to the date of the financial statements. No events have occurred subsequent to the date of the City's financial statements that would require adjustment to or disclosure in the financial statements.

This information is an integral part of the accompanying basic financial statements.

RETIREMENT FUND AND OTHER POST-EMPLOYMENT BENEFITS
April 30, 2011

Actuarial Valuation Date	Actuarial Value of Assets (a)	Actuarial Accrued Liability (AAL) - Entry Age (b)	Unfunded AAL (UAAL) (b) - (a)	Funded Ratio (a/b)	Covered Payroll (c)	UAAL as a Percentage of Covered Payroll ((b-a)/c)
Police Pension Fund						
4/30/08	\$ 11,901,713	\$ 14,679,665	\$ 2,777,952	81.08%	\$ 1,419,857	195.65%
4/30/09	10,314,513	16,004,715	5,690,202	64.45%	1,474,079	386.02%
4/30/10	11,631,484	16,930,348	5,298,864	68.70%	1,594,028	332.42%
Firemen Pension Fund						
4/30/08	\$ 8,572,757	\$ 11,916,453	\$ 3,343,696	71.94%	\$ 859,152	389.19%
4/30/09	6,670,337	12,768,870	6,098,533	52.24%	887,705	687.00%
4/30/10	7,459,220	12,250,820	4,791,600	60.89%	874,687	547.81%

Analysis of the dollar amounts of actuarial value of assets, actuarial accrued liability (AAL), and unfunded AAL (UAAL) in isolation can be misleading. Expressing the actuarial value of assets as a percentage of AAL provides one indication of funding status on a going-concern basis. Analysis of this percentage over time indicates whether the system is becoming financially stronger or weaker. Generally, the greater this percentage, the stronger the PERS. Trends in UAAL and covered payroll are both affected by inflation. Expressing the UAAL as a percentage of covered payroll approximately adjusts for the effects of inflation and aids analysis of progress made in accumulating sufficient assets to pay benefits when due. Generally, the smaller this percentage, the stronger the PERS.

CITY OF DIXON, ILLINOIS
NOTES TO REQUIRED SUPPLEMENTAL INFORMATION
April 30, 2011

NOTE 1 - BASIS OF ACCOUNTING

Annual budgets are adopted for all governmental funds using the cash basis of accounting, which is a different basis of accounting other than generally accepted in the United States of America, but is allowed under Illinois Compiled Statutes for Cities.

NOTE 2 - EXCESS OF DISBURSEMENTS OVER APPROPRIATIONS

The following major fund had an excess of disbursements over appropriations:

	<u>Budget</u>	<u>Actual</u>
Municipal Airport Fund	\$ 712,000	\$ 1,514,459

NOTE 3 - NOTE TO SCHEDULE OF FUNDING PROGRESS

The required contribution was determined as part of the actuarial valuation method using the entry age actuarial cost method. The actuarial assumptions included (a) 7.50% investment rate of return (net of administrative expenses), (b) projected salary increases of 4.00% a year, attributable to inflation, (c) additional projected salary increases ranging from 0.40% to 10.00% per year depending on age and service, attributable to seniority/merit, and (d) post-retirement benefit increase of 3.00% annually. The actuarial value of IMRF assets was determined using techniques that smooth the effects of short-term volatility in the market value of investments over a five-year period with a 20.00% corridor.

**REPORT ON COMPLIANCE WITH REQUIREMENTS
APPLICABLE TO EACH MAJOR PROGRAM AND ON INTERNAL CONTROL OVER
COMPLIANCE IN ACCORDANCE WITH OMB CIRCULAR A-133**

Honorable Mayor and Commissioners
City of Dixon, Illinois

Compliance

I have audited the compliance of the City of Dixon, Illinois with the types of compliance requirements described in the U.S. Office of Management and Budget (OMB) Circular A-133 *Compliance Supplement* that could have a direct and material effect on each of the City of Dixon, Illinois' major federal programs for the year ended April 30, 2011. The City of Dixon, Illinois' major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs. Compliance with the requirements of laws, regulations, contracts, and grants applicable to its major federal programs is the responsibility of the City of Dixon, Illinois' management. My responsibility is to express an opinion on the City of Dixon, Illinois' compliance based on my audit.

I conducted my audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and OMB Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*. Those standards and OMB Circular A-133 require that I plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about the City of Dixon, Illinois' compliance with those requirements and performing such other procedures as I considered necessary in the circumstances. I believe that my audit provides a reasonable basis for my opinion. My audit does not provide a legal determination of the City of Dixon, Illinois' compliance with those requirements.

In my opinion, the City of Dixon, Illinois complied, in all material respects, with the compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended April 30, 2011.

Internal Control over Compliance

The management of the City of Dixon, Illinois is responsible for establishing and maintaining effective internal control over compliance with the requirements of laws, regulations, contracts, and grants applicable to federal programs. In planning and performing my audit, I considered the City of Dixon, Illinois' internal control over compliance with the requirements that could have a direct and material effect on a major federal program in order to determine the auditing procedures for the purpose of expressing my opinion on compliance and to test and report on internal control over compliance in accordance with OMB Circular A-133, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, I do not express an opinion on the effectiveness of the City of Dixon, Illinois' internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. *A material weakness in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis.

My consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be deficiencies, significant deficiencies, or material weaknesses. I did not identify any deficiencies in internal control over compliance that I consider to be material weaknesses, as described above.

This report is intended solely for the information and use of the audit committee, management, and federal awarding agencies and pass-through entities and is not intended to be and should not be used by anyone other than these specified parties.

Samuel S. Lund, CPA P.C.

NOTES

Basis of Presentation

The schedule of expenditures of federal awards includes the federal grant activity of the City of Dixon, Illinois and is presented on the accrual basis of accounting. The information in this schedule is presented in accordance with the requirements of OMB Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*. The financial statements of the City of Dixon, Illinois are also presented on the accrual basis of accounting.

CITY OF DIXON, ILLINOIS
SCHEDULE OF FINDINGS AND QUESTIONED COSTS
April 30, 2011

SUMMARY OF AUDITOR'S RESULTS

1. The auditor's report expresses an unqualified opinion on the financial statements of the City of Dixon, Illinois.
2. No reportable conditions were disclosed during the audit of the financial statements.
3. No instances of noncompliance material to the financial statements of the City of Dixon, Illinois, which would be required to be reported in accordance with *Government Auditing Standards*, were disclosed during the audit.
4. No reportable conditions were disclosed during the audit of internal control over major federal award programs.
5. The auditor's report on compliance for the major federal award programs for the City of Dixon, Illinois expresses an unqualified opinion on all major federal programs.
6. There were no audit findings relative to the major federal award programs for the City of Dixon, Illinois.
7. The programs tested as a major program included: Capitalization Grants for Drinking Water State Revolving Funds CFDA 66.468; Airport Improvement Program CFDA 20.106
8. The threshold used for distinguishing between Type A and B programs was \$300,000.
9. City of Dixon, Illinois did not qualify as a low-risk auditee, due to American Recovery and Reinvestment Act of 2009 funds included in the major program tested.
