

Tales for Tots Baby/Toddler Storytime

This program is for our youngest library patrons and takes place on Wednesday mornings at either 9:30 or 10:30 a.m. beginning January 8th. We'll share short stories, games, fingerplays, simple crafts, and the ever-popular parachute time. We welcome children ages 18 months-3 years of age and their caregivers to join us for this 30 to 45-minute gathering.

Raising Readers Preschool Storytime

This program is for children who are ready for longer stories and activities. We'll be sure to include practice with letters, numbers, colors, and shapes along with fun stories, games, and crafts. We welcome children ages 3-5 and their caregivers at 10:00 a.m. on Tuesday mornings beginning January 7th. Come join the fun!

Thursday Afterschool Family Events

We invite the whole family to join us once per month for our after school family programs. Most programs are scheduled from 3-5 pm but watch our website for specific details. Dates for this session include:

January 16th-Winter Fun!

February 13th: Be My Valentine!

March 12th: Dave Herzog's Marionettes

April 9th: Welcome Spring!

Movie Nights

We are planning movie nights on some of the evenings when kids will be off from school the following day. We have two dates scheduled, January 2 and March 26. Watch the library website for more information.

Young Library Volunteers

Our young library volunteer program is for youth ages 11-14. This group meets one Thursday per month from 3:00-4:00 pm. Volunteers help with basic library tasks and assist with preparing children's program activities.

These youths also work with younger children during our family event programs and the summer reading program. Ask at the youth circulation desk for more information.

Kids Coding Club

Our kids coding club meets on Tuesdays after school. There are different sessions organized by age groups so be sure to stop in at the youth circulation desk and pick up more information.

About Us

We design our programs to be developmentally appropriate. One of the library's main goals is to promote literacy development and create young readers. We hope young patrons will find the library a fun and inviting place to be.
